About the Institute:

The Institute is a sister concern of Sahakar Maharshi Shankarrao Mohite-Patil Co-operative Sugar Factory Ltd. Akhuj, which is one of the largest sugar factories of Maharashtra State.

The SMSMPITR has been started with a noble view to provide engineering education to rural students. The institute runs under Shankarrao Mohite-Patil Charitable Hospital Trust. The Institute is situated in the heart of the city and it is just 1 km away from the local ST bus depot.

The institute takes due care of students' academic side and has appointed well qualified and experienced faculty from IIT, NIT and reputed institutions. The Institute has well equipped laboratories and it regularly arranges Industrial Visits for students to enhance their practical knowledge.

Departmental Profile:

Electrical Engineering: The department of Electrical Engineering at SMSMPITR is established in year 2011 with an intake of 60. Equipped with full-fledged state-of-the-art laboratories, the department gives exposure to students not only in regular engineering curriculum but also tries to inculcate professional attitude in them.

Electronics & Telecommunications Engineering: This is a swiftly advancing field, with new ideas emerging every second worldwide. The E&TC department at SMSMPITR is established in year 2011 with an intake of 60. The department prepares students for better careers with this constantly evolving discipline. Equipped with highly advanced laboratories, the department cultivates young minds and provides them the appropriate launching stage to grow and excel in the technical world.

Computer Science Engineering: The department of Computer Science Engineering at SMSMPITR is established in year 2011 with an intake of 60. The

department offers excellent academic environment with a team of highly qualified faculty members to inspire the students to develop their technical skills and inculcate the spirit of team work in them.

About the Workshop:

Faculty members wishing to engage in quality education are faced with problems of varying student interest and abilities, student focus on exam testing leading to rote-level understanding and large classes with lack of student participation. In this course, participants will learn innovative techniques emerging for effective teaching, learning and assessment from results in education research. Participants will apply these strategies during the course to design materials and activities for their classes. The course will provide effective assessment strategies to meet the set learning objective.

Eligibility:

Faculty members of Diploma and Degree level colleges & working professionals are eligible to attend this course.

Registration Fees: Rs. 300/-
